TOTAL AG COVERAGE

At a Price You Can Afford

If it has to do with a PT6A-AG engine, we know about it. In fact, we're experts. We were there right from the start, providing factory-authorized service on the PT6 family of engines almost from the day they were first produced more than 50 years ago. And we've been a PT6 repair and overhaul leader ever since. Today our commitment is stronger than ever with a dedicated PT6 repair and overhaul facility at Dallas Love Field and five PT6A-AG Regional Turbine Centers to ensure fast, convenient service. Contact us today for all your PT6A-AG needs.

Flexible Workscope/Major and Minor Repairs

We offer limited workscope repairs on PT6A-AG engines to help save you money and speed turn times while addressing essential maintenance on your engine. Call us for a competitive quote.

Industry-Leading Warranty

- 3 years/1,500 Hours*
- Expandable Coverage

Dallas Airmotive offers the ag operator the longest warranty in the industry. The AgRight Light Overhaul & Warranty Program provides comprehensive coverage for workmanship performed. It is the only program with an automatic warranty renewal policy for the entire engine if we perform your next scheduled hot section inspection. Ask for a copy of our warranty policy for further details.

*1,750 hours for the -34AG; 1,800 hours for -21AG, -27AG, -28AG
